

## The Fastest, Easiest Way to Lower Your Medical Bills.

Consumer Medical Bill Solutions will negotiate your out of network or non-covered medical bills, achieving savings of 25% - 45% of the total charges billed.

### Who We Are

Consumer Medical Bill Solutions (CMBS), is a medical bill negotiation company providing you, the consumer, with direct support in negotiating and aggressively obtaining discounts on your unpaid medical bills. With over 12 years of experience negotiating medical bills on behalf of Health Plans, Third Party Administrators, large corporations and unions, CMBS will provide you savings anywhere from 25-45% of your medical bill.

### Minimal Cost to You

CMBS charges a \$25.00 processing fee, as well as 20% of the savings we obtain negotiating your provider bill. Savings is defined as the difference between bill charge and the amount your provider accepts as final payment. If we are successful in negotiating a discount, the \$25.00 processing fee will apply to the total charge for the service. If we are unable to offer you a discount from your healthcare provider, then the \$25.00 processing fee will be refunded to you.

## Save Money in 3 Easy Steps

1

### Get Started

Fill out our Contact form and provide us your contact information. A \$25 processing fee will be charged once we have received your documentation and signed HIPAA release form.

2

### Evaluation of Medical Bill

Complete and sign a HIPAA release form and send us a copy of the most recent bill along with any additional documentation received from the health plan regarding the medical care.

3

### Medical Bill Settlement

Once an agreement has been reached with the provider, a settlement offer will be presented to you for approval. We can typically settle your bill within 3-7 business days.
